12:30 to 2:45 Discuss Phase I of the Recreation BMPs

We have drafted the framework for voluntary practices to limit the further spread and introduction of invasive plants, invertebrates, and diseases, and committed to maintaining the viability of Wisconsin's Recreational Resources.

Are the Recreation BMPs complete?

- Are there any outstanding issues we need to resolve as a committee?
- Are we including an Appendix, Resources, References, Sponsor Recognition, Introduction, etc?
- How does Committee want to finalize any changes made today?
- What is the final product Phase I will develop for Phase II?

How will we seek public comment?

- What tools and resources will be utilized to gather public comment?
- What length of time will be available to solicit public comment?
- How will the comments be compiled for AC review?
- Timeline for completion?

2:45- 3:00 Wrap up

- Who is interested in staying involved?
- Schedule a date for the next meeting if needed

Adjourn.
